Email - radhikamittal1000@gmail.com

Contact No - 9728792709

Linkedin - linkedin/radhika

Address - Yamuna Nagar, Haryana, India

Experience :

Full Stack Developer

WNS Global Services Private Limited (Feb 2022 - Feb 2023)

Technologies used – Html5, Css3, Javascript, Jquery, ReactJS, Bootstrap, SQL, and Mysql.

- I worked on a major project management website for our client. My tasks used to be creating sub components, integrating API's, creating login and sign up page, and maintaining data in the database.
- I also used to update the static data of our website for the client and make other small changes to the website, like changing the layout, adding new columns and components, etc.
- There I've worked on projects with agile methodologies and sprints.

Education

Chitkara University

Bachelor of Engineering - BEng, Computer Science (2019 – 2023)

Cgpa – 9.82

Skills

Languages - Html5, Css3, Javascript, and Java

Library/Frameworks – jQuery, Bootstrap, NodeJS, ReactJS, and React Native

Databases – SQL, MySQL, and MongoDB

Projects

E- commerce Application

- It is a fully responsive e-commerce application where users can buy products they need with advance features like payment gateway, animations, adding, and deleting products from the cart.
- Users can add and delete products using CMS.
- In this application I have created advance payment feature using stripe.

Instagram Clone

- In this clone application I have created Instagram advance features for instance users can like and comment on other people post, create and upload their on post, search feed, and login / sign up page.
- It is a fully responsive application.
- Technologies I used are React Native, Firebase, Formik and yup
